LA ZAMBRA

Penthouse

WELCOME TO YOUR PRIVATE SANCTUARY

Perched above the evergreen gardens and world-class golf courses, our exclusive Penthouse offers a truly unique retreat. Its coveted location promises unparalleled seclusion and privacy, ensuring an uncompromisingly luxurious stay with all the essential amenities to guarantee an unrivalled experience. Our resort is a blank canvas for possibilities, a place to embrace freedom and forget the mundane tribulations of day-to-day life, discreetly or fearlessly. Here, the line between relaxation and fun blurs. After all, it has everything one could wish to relax, unwind, and take in the Southern architecture – and that is how it lulls you. As your mind winds down and your stay becomes a haze, every space invites you to look closer, dive deeper, enquire and desire.

Meticulously crafted with a blend of warm materials, organic textures, and handcrafted elements, at the Penthouse, subtlety reigns supreme and every detail is thoughtfully considered.

Inspired by the indulgent spirit of the former Byblos, the Penthouse captures the essence of opulence.

The use of rounded shapes, intricate patterns, and hints of colour enhances the overall ambience. This exclusive suite is a testament to individuality, boasting high-end furnishings and artisanal details that contribute to an atmosphere of refined elegance without compromising the unmistakable Andalusian flair that defines La Zambra.
